A standardized format will make the rating and comments more effective and easier for all to pick out the relevant information. When you leave a rating or comment, please consider this format:

Subject: Item title/name and seller name

Message body:

Item Rating -

1 to 10

Short Comment -

One sentence

Longer description (optional) -

A more detailed description or comment that is as long as you like. Try to provide information that will best assist others by explaining the reasons for your rating.

Relevant Image -

A picture really can be worth a thousand words. If you have an image to share of the item you've won, please do post it with your comments.
